REPORT

ON THE

EXTERNAL TRADE OF BENGAL

WITH

NEPAL, TIBET, SIKKIM AND BHUTAN,

FOR THE YEAR 1888-89.

THERE was no change during the year under report in the system under which the trade of Bengal with Nepal, Tibet, Sikkim and Bhutan, has hitherto been registered in these provinces. The number of registering stations on all the most important routes of traffic on the northern frontier of Bengal, between the districts of Chumparun and Julpigorce, remained the same as in the previous year.

GENERAL
NOTICE.

2. The total value of the traffic registered during the past year, as compared with the figures of the preceding two years. is shown below :—

Imports into Bengal.				Exports from Bengal.			
	1886-87.	1887-88.	1888-89.		1886-87.	1887-88.	1888-89.
	Rs.	Rs.	Rs.		Rs.	Rs.	Rs.

3. Besides these figures, which relate to the trade to and from stations in Bengal only, the total value of traffic with other provinces, which passed through Bengal in those years, was as follows :—

YEARS.	Imports into other provinces from Nepal.			Exports from other provinces to Nepal.		
	Rs.			Rs.		
1886-87	3,73,993	2,14,190
1887-88	11,10,179	2,61,155
1888-89	1,84,334	2,01,527

4. According to the foregoing figures, the grand total of the registered trade during the past three years, is shown in the subjoined statement :—

YEARS.	Imports.			Exports.		
	Rs.			Rs.		
1886-87	1,10,51,393	...	60,51,495	1,71,02,888
1887-88	1,28,38,582	...	80,44,386	2,08,82,968
1888-89	98,58,337	...	78,65,311	1,77,23,648

The total value of the trade fell off by 15·13 per cent. in comparison with the figures of 1887-88, but it is still above that of 1886-87 by 3·63 per cent.

The largest decrease occurred in the imports, which were below the figures of the two previous years by 23·21 per cent. and 10·80 per cent. respectively. In the export traffic, the total for the past year was only 2·23 per cent. less than in 1887-88, but 29·97 per cent. more than in 1886-87. These fluctuations will be considered in detail in the following pages in connection with the traffic with each of the States separately.

TRADE WITH
NEPAL.

5. At the recommendation of the Commissioner of the Bhagulpore Division the registering post at Bhatgaon in Purneah was transferred to Korlekote in that district, with effect from the 1st May, 1888. The following is an abstract of the total value of the trade registered during the past three years :—

YEARS.	Imports from Nepal.	Exports to Nepal.	Total.
	Rs.	Rs.	Rs.
1886-87	1,02,77,226	52,90,285	1,55,67,511
1887-88	1,12,34,228	73,51,720	1,85,85,948
1888-89	93,97,491	74,30,836	1,68,28,327

The chief feature of the past year's trade was a falling off of 16·35 per cent. and 8·56 per cent. in the imports from Nepal, in comparison with the figures of the two previous years, respectively, while there was an increase in the exports to that State of 1·07 per cent. and 40·46 per cent. as compared with 1887-88 and 1886-87 respectively. The total value of the trade from and to Nepal was 9·46 per cent. less than in the preceding year, but 8·09 per cent. greater than in 1886-87.

6. The following detailed statement shows the import and export traffic in the principal staples during the past year as compared with the totals of the preceding two years. The figures shown here, however, are exclusive of the registered trade with other provinces which passed through Bengal.

The imports of cattle, raw cotton, and tobacco, and the exports of rice and other rain crops, and European piece-goods, show a satisfactory increase, but the imports of gram and pulse, and rice, have fallen off largely :—

This decline affected all kinds of food-grains. The rice trade fell off by 62.29 per cent. in comparison with the preceding year, while in paddy the decline was 46.57 per cent. and in miscellaneous rain crops 54.26 per cent. The several registering posts through which consignments of food-grains were received from Nepal during the past year, are shown in the following statement :—

Compared with 1887-88, the decrease in the imports of food-grains into the Chumparun district was 32.92 per cent., in Mozufferpore 63.94 per cent., in Durbhunga 75.25 per cent., in Bhagulpore 65.97 per cent., in Purneah 25.38 per cent., while Darjeeling showed a slight increase of 15.43 per cent. The Collector of Chumparun makes the following remarks regarding the decrease in the grain traffic :—

“Food-grains were not imported on the usual scale in consequence of the short harvest in Nepal. Crops were as bad in Nepal as in our territory, and for sometime the Durbar laid an embargo on export of such articles. When this was removed a large quantity of Indian corn was taken to the affected tract in this district. It is considered unlikely that any of the food-grains imported from Nepal during the year ever left this district again.”

10. *Hides of Cattle.*—The import trade under this head showed a further improvement during the year, the total number registered exceeding the

The largest imports of hides during the year were to Purneah (25,716 pieces), Mozufferpore (13,588 pieces), Calcutta (5,737 pieces), and Chumparun (4,813 pieces).

11. *Skins of sheep, goats, and other small animals.*—The past year's import trade showed a large falling off of 54,920 pieces, or 63·57 per cent., and of 30,208 pieces, or 48·98 per cent., as compared with 1887-88 and 1886-87, respectively. The total number of skins registered at Bairagnia in the Mozufferpore district aggregated 19,094 pieces against 39,402 pieces in 1887-88.

12. *Brass and copper.*—The exports of brass and copper continued to increase. The total quantity registered exceeded the figures for 1887-88 by 1,317 maunds, or 7·47 per cent., and those for 1886-87 by 8,508 maunds, or 91·29 per cent. Purneah exported the largest quantity, viz. 6,900 maunds, or 38·70 per cent. of the total exports against 3·04 per cent. in the previous year.

13. *Iron.*—Compared with 1887-88 the export trade in this metal showed a decrease of 2,311 maunds, or 12·76 per cent.; but when compared with 1886-87, the figures show an advance of 5,977 maunds, or 60·89 per cent. The falling off was chiefly in the quantity sent to Nepal from the Patna district, which exported only 2,073 maunds against 5,441 maunds in the preceding year.

14. *Ghee.*—The import trade in ghee continued active, the increase during the past year amounting to 3,948 maunds as compared with the previous year, and 5,615 maunds as compared with 1886-87. By far the largest supply was consigned to Calcutta, which received 2,832 maunds against 621 maunds in 1887-88. The statement below gives the names of the different stations at which the largest quantities of ghee were registered during the three years :—

15. *All other kinds of provisions.*—The total imports and exports under this head aggregated 1,26,804 maunds against 1,00,544 maunds, and 68,252 maunds in 1887-88 and 1886-87, respectively. The imports rose by 34,327 maunds on the returns of 1887-88, and by 44,564 maunds on those of 1886-87, the chief importing district being Purneah, which took 59,838 maunds against 25,796 maunds in the previous year. As regards the exports, the figures for the past year were below the trade of 1887-88 by 8,067 maunds, but they exceeded those of 1886-87 by 13,988 maunds. The mart from which the largest quantity was exported was Adapore. The stations at which the largest traffic was registered during the past three years were:—

18. *Spices*.—The quantity carried to Nepal was almost the same as in the previous year, but it exceeded the figures for 1886-87 by 7,030 maunds.

The largest exports during the past three years were registered at the following places:— TRADE WITH

19. *Tobacco.*—Tobacco is imported as well as exported. The total trade amounted during the year to 95,778 maunds, showing an increase of 44,724 maunds and 62,734 maunds respectively on the returns of 1887-88 and 1886-87. The imports, however, rose from 6,463 maunds in 1886-87 and 13,574 maunds in 1887-88 to 51,559 maunds in 1888-89. The Commissioner of Bhagulpore remarks:—"The Nepal tobacco commands a higher price than country tobacco. The leaf of this tobacco is stated to be very coarse and succulent, dark in colour, and blunt at its apex." The great bulk of this traffic passed through Gandharp-dinga in the Purneah district. The export trade also showed a considerable improvement, the quantity registered during the past year being 6,739 maunds and 17,638 maunds in excess of the totals of 1887-88 and 1886-87, respectively. The district of Chumparun supplied the largest quantity, viz. 26,511 maunds.

20. *Timber.*—The imports showed a decrease of 29,041 maunds on the figures of 1887-88, but they were in excess of the trade of 1886-87 by 31,408 maunds. The subjoined statement gives the names of the different stations where the largest quantities were registered during the past three years:—

21. *Wool, manufactured.*—The value of these goods exported during 1888-89 showed an increase of Rs. 5,211, or 4.63 per cent. over the figures of 1887-88, and Rs. 23,047, or 24.36 per cent. as compared with 1886-87. The goods registered at Adapore alone were worth Rs. 92,539, or 78.66 per cent. of the total exports.

22. *Silver.*—The value of silver imported from Nepal during the past year fell off by Rs. 86,828 and Rs. 1,73,347 on the returns of 1887-88 and 1886-87, respectively. The fluctuations in the export trade, however, showed an advance of Rs. 26,412 as compared with the previous year, and of Rs. 4,511 on the figures of 1886-87. The different routes through which these supplies were carried during the past two years are named below:—

TRADE WITH
TIBET AND
SIKKIM.

23. During the year under review, as in the two previous years, there were three stations, namely, Rungit, Rhenok, and Kalimpong, for the registration of the trade between Bengal and Tibet and Sikkim. The total value of the trade registered during the past year, as compared with the figures of the preceding two years, is shown in the following statement. The trade with Tibet has practically ceased owing to the present complications on the frontier:—

	Trade with Tibet.			Trade with Sikkim.		
	1886-87. Rs.	1887-88. Rs.	1888-89. Rs.	1886-87. Rs.	1887-88. Rs.	1888-89. Rs.

29. The information furnished by the officers of frontier districts regarding the customs duties imposed by the Nepalese Government is obscure and contradictory, and it is evident that until fuller inquiries have been made, our knowledge of this subject must be pronounced incomplete. For the proposes of the present report no attempt can be made to reconcile the apparently discrepant accounts of the Nepalese system which have been received from officers of adjacent districts. It is stated, for example, that there was no change in the rates of duty levied by the Nepalese Government on the frontier of the Purneah and Darjeeling districts. The Collector of Chumparun reports that the rates of duty which are stated to have been charged by the Nepalese authorities on traders entering Nepal during the year 1888-89, appear not to have been levied with regularity and at one uniform rate all the year round, while in many cases duty was not collected at all. It is reported from one source that the duties were discontinued altogether on the Chumparun border during the year, but this the Collector considers not to be quite correct. The Collector of Mozufferpore states that, with the exception of a duty on hides, the Nepalese authorities now levy no duties on imports and exports. The duty on hides is said to be farmed, but what rate is charged is not known. From the report of the Collector of Bhagulpore, it appears that the Nepalese authorities

TRADE WITH
TIBET AND
SIKKIM.

have, since September 1888, stopped the levying of imposts on trade. It is said that they have amalgamated the tax with the rent of holdings of the cultivators at $1\frac{2}{3}$ th anna per rupee. Before September last they used to charge the duty shown in the previous year's returns. The report from Durbhunga shows that duties continued to be levied as usual with certain insignificant changes. The details are given in the appendix. The attention of the district officers will be drawn to the subject, and they will be asked to attempt to obtain more precise information during their cold weather tours.

TIBETAN SALT. 30. Last year the total quantity of untaxed foreign salt imported into British territory from trans-Himalayan sources fell off considerably, as the following statement shows:—

			1886-87.	1887-88.	1888-89.
			Mds. s.	Mds. s.	Mds. s.
Darjeeling	368 6	264 20	78 25
Julpigoree	19 38	16 6	1 22
Total			386 4	280 26	80 7

The Deputy Commissioner of Darjeeling reports that the decrease was partly due to political complications, and partly to the cheapness of the salt from the plains; while the Deputy Commissioner of Julpigoree writes as follows:—

“The great decrease in the quantity of salt imported may be attributed to the disturbances with the Tibetans in connection with Sikkim, such salt having been largely exported from Bhutan to Tibet for use of the Tibetan soldiers.”

The rates given are in English money, and are levied on imports into Nepal only on articles which are not taken to shops of traders or to hats in Nepal. As to articles exported from Nepal and imported into India, nothing is taken from those persons who buy grain from cultivators and pay the *Kayali* (a fee for weighing the grain), nor from those persons who buy at hats in Nepal and pay hat dues there.

The import and export duties levied on articles taken to the fair at Bara Chatr continue the same as before, viz:—
